Lollipop Tree Tiny 2's Program Overview

For Children Age 15 months – 24 months

The primary goal of our Tiny 2's program is to provide a stimulating, safe and nurturing learning environment for the children in our care. The focus of the program will be socialization, transiting and play. Children will have FUN as they explore and discover their new school environment.

Our fun-filled days will include free play in the classroom and outside on our beautiful playground, arts & crafts, gym and story time. Children will develop their cognitive, language, fine motor and gross motor skills with the help of our dedicated nurturing staff of teachers.

Additional enrichment activities such as music and gymnastic are offered on a monthly basis to enhance the learning experience of our Tiny 2's children.

Over the school year you will see many skills developed that lay the foundation for your child's educational journey ahead.
