

Dear Parents,

We are happy to announce that once again Lollipop Tree will be offering the “Wizards” science enrichment program to our children. The program is held on Monday and Thursday from 1:00 – 3:00 pm with the option of doing one day or two days. The teachers will be Yasmid Montalvo and Martha Cudo. We are also excited to welcome a representative from the Mad Science Center of Massachusetts, for two additional hands on experiments, once per month, as well!

Although the focus will be on science activities, some math will also be introduced as the program progresses throughout the year. Materials and subject matter are different each week. Snack will be provided as well as a short afternoon recess.

The classes will begin **Monday, September 11th** and will end on **Thursday, May 31st**. The cost will be \$198.00 per month for the two day program. If you would like your child to attend Monday or Thursday only, the cost will be \$110.00 per month. Please complete and return the registration form below IMMEDIATELY as we have a list of interested families. Enrollment will be on a first come, first served basis **(This form MUST be completed and returned with payment attached by Friday, September 8th, even if you have already indicated an interest in this program.)** We will notify you if your child is in the program. If we are unable to accommodate you, payment will be promptly returned.

Thank you!

CHILD’S NAME

TEACHER’S NAME (9:00 am – 1:00 pm)

Monday & Thursday \$198.00 per month _____

Monday Only \$110.00 per month _____

Thursday Only \$110.00 per month _____
